Dear Potential Partner:

According to the National Center for Public Policy and Higher Education, "Many Americans, especially parents, are concerned about the price of higher education... that rising prices threaten to make higher education inaccessible." In fact, for many families the issue is not college acceptance, but the inability to pay for college! How can families "fight back" and win against rising tuition rates? The Daughety Foundation has a solution and we need your support.

"Reach Back & Help" is a core value of The Daughety Foundation. The Daughety Foundation is a 501c(3) non profit, tax exempt corporation founded in 1999, as a scholarship fund, to financially assist college bound high school graduates with scholarships to attend the college/university of their choice. The Foundation has provided awards of up to \$500 to more than 20 students and our scholars have attended institutions such as: University of North Carolina, Winston-Salem State University, Lincoln and Brigham Young University to name a few.

The vision is far from finished; help us increase our reach to serve more students with our "**More Dollars for Scholars**" program. For as little as **\$10 per month or \$25 per year**, you can help deserving high school students attend the college of their choice. Please see our options below and send your tax deductible monthly or annual gift today.

We need your support to make our "**More Dollars for Scholars**" program a success. Our website www.thedaughetyfoundation.org is available for your viewing 24 hours per day. If you have additional questions about our foundation or scholarship fund please contact Ms. Rosetta Daughety-Gaynor at (252)-524-3692, email: gynrros@aol.com or Ms. Emma D. McCloud, (252) 522-1514, email: emccloud285@aol.com.

Cut along dotted line and mail as directed below
